Property Loss Is Estimated at Over a Hundred Million Dollars.

Additional Horror of Fire Menaces the Lives of the Unfortunates Cooped in Tottering Buildings in Dayton that Until Now Have Withstood the Rush of the Mastrom—Belated Dispatches Augment List of Casualties.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, March 26.—Three thousand people are reported to have perished in the deluge that swept the northern part of the Ohio River Valley today. Probably a half million people were made homeless by the floods in Indiana and Ohio, and property damage in both States will be at least \$100,000,000.

These figures were compiled late today from the reports received here from various points in the stricken district. Further reports may increase the number of dead, and it is unlikely that any degree in the financial loss can be expected.

An additional horror was reported early this morning from Dayton. The city there, which seemed widespread, and is probably unobtainable in view of the paralysis of the water plant, doubtless brought a horrible death to many who sought to escape drowning by climbing to the upper floors of buildings.

Reports unconfirmed said fourteen persons had lost their lives in Dayton, and fifty had been injured. The city is reported to be in a state of panic, and it is probable that the water plant, which is the life of the city, is in a state of paralysis. ## HALF-MILLION HOMELESS IN OHIO AND INDIANA.

Toll of Dead Runs Into Thousands and Property Loss Reaches Staggering Sum—Flood, Flame, Cold, Hunger Combine to Smite Stricken Dayton—Burning Oil Races on Rushing Waters Carrying New Terrors.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

COLUMBUS (O.) March 26.—(Special Dispatch.) Over 500,000 people—one-twelfth the population of one of the richest States in the Union—are homeless tonight, many of them perishing, starving, in Ohio and Indiana.

The toll of dead in Ohio alone is, according to the latest estimate, 2,238; in Indiana 446. Reports received from hour to hour indicate that these figures will probably be considerably increased when the last roll of the lost is made up. But the actual dead will never be known. The roaring, angry rivers are bearing south, to swamp and creek, bodies whose bleached bones will give no clue to their identity, when the torments have spent their force and are forgotten in the sunshine of the summer to come.

The property loss is roughly figured at \$100,000,000. The destitution of the thousands of homeless survivors, their nervous shattered, their growing scenes and half-breath escapes from death by fire and flood, is appalling, appalling.

Heroic efforts are being made to remove distress; troops and food and clothing are being rushed to the stricken districts, but the field of devastation is so wide that many more will perish before succor can reach them.

In Dayton and several other cities, the devastation of the stricken districts was added the terror of huge, hungry sheets of flame. The natural gas mains exploded with a succession of deafening detonations, oil pipes burst, and the burning oil raced over the surface of the floods, making the scene a horror to the eye.

The great water storage dam here has burst, a terrific wall of water bearing down upon the lower levels. Panic-stricken residents fled to the rooftops in fear of their lives, while many have been cut off and are undoubtedly now added to the number of the dead.

BURNED IN WATER.  
Gov. Cox received a pathetic message from his secretary, George F. Burke, who is at Dayton, Ohio, that the awful scenes there being witnessed. When the floating fire came bearing down upon the flooded streets hundreds jumped from the roof to avoid death. Many escaped, but many slipped, fell and were burned up before the eyes of the survivors. Others were cut off and consumed, caught like rats in a trap, between the twin terrors of this awful day.

BITTER COLD FOLLOWS FLOOD.  
Snow and chilling frost have followed the rains and will doubtless aid in extinguishing the epidemic of flames, but the bitter cold means death to those who are left without food or shelter. Thousands are exposed to this new peril.

Hundreds of refugees are marooned and are vainly calling for food and

## WILSON'S CALL FOR RELIEF OF EASTERN FLOOD VICTIMS.

(BY A. P. DAY WIRE TO THE TIMES.)

WASHINGTON, March 26.—President Wilson today issued the following appeal to the nation to help the sufferers in the Indiana and Ohio floods:

"The terrible floods in Ohio and Indiana have assumed the proportions of a national calamity. The loss of life and the infinite suffering involved prompt me to issue an earnest appeal to all who are able, in however small a way, to assist the victims of the

National Calamity.

"WOODROW WILSON."

Dayton from the Miami Valley Hospital.

(BY A. P. NIGHT WIRE TO THE TIMES.)

DATON (O.) March 26.—How great a death toll the deluge of Dayton had taken seemed tonight almost as much a matter of conjecture as yesterday. But acting on stories by survivors from the stricken districts, it was said the National Cash Register Company had ordered 300 coffins for immediate delivery.

The great Miami River, swollen to a width heretofore unknown and running with a terrific current, barred the way to specific information of the number of dead. While thousands

still were marooned in houses and on roofs in the central part of the town, only a few corpses had been recovered. It was believed that in the northern section of the submerged city, to which rescuing parties had been unable to penetrate, would be found the greatest loss of life.

At 6 p.m. J. P. Miller, secretary of the Board of Health, estimated that the death list would reach 300. While the flood steadily receded this afternoon, the terrific current retarded rescue work and a cold, smothering rain added to discomforts of the already overburdened storm victims.

Expert oarsmen who braved the

tide in the business section of the submerged city this afternoon came back nerve-racked to relate narratives of pitiable appeals made by hundreds of marooned in upper floors of tall buildings, about whose lower stories swirled a flood that threatened the foundations. The dark colors in the narrative were lightened here and there by stories of bravery.

A woman with three children, marooned in the upper floor of her home on the edge of the business district, called to the rescuers:

"Oh, I know you can't get me off, but for the love of humanity, please take this loaf of bread and jug of mo-

lasses to Sarah Frym down the street. I know she is starving."

Further on, in the exclusive residential district, they were offered fabulous sums by many of the flood-prisoners. Their narrative inspired an unsuccessful effort late this afternoon to launch a boat.

Rescue work efficiently managed and in which John Patterson, president of the National Cash Register Company, was a leading spirit, proceeded smoothly throughout the day, allowing members of the families were restored to their loved ones through humane clearing-house establishments at several points on the fringe of the

flood district. Great Indian, with names and addresses of persons who had been rescued, were at the National Cash Register Company, where they were being quickly given to the inquiries.

Up to 5 o'clock this evening the homeless were housed in the National Cash Register Company, where they were being quickly given to the inquiries.

## RELIEF COMING SLOWLY TO INDIANA FLOOD VICTIMS.

Deaths Reported in Every Village, Property Loss Only Guessed at—Three Distinct Districts Where Deluge Struck State are Most Affected, But Indianapolis, Peru and Many Other Cities are Almost Demoralized.

(BY A. P. NIGHT WIRE TO THE TIMES.)

INDIANAPOLIS (Ind.) March 26.—Night fell upon flood-stricken Indiana with but little comfort in sight for its many thousands flood sufferers. The most conservative reports from over the State estimate the loss of life at not fewer than 125 drowned. This persistent statements from various points indicate that more than that number may have perished. It was futile even to make a guess at the property damage. The small army of relief workers in most of the cities are without the aid of public services.

Advices from Peru, sent by telephone through South Bend late today, said twelve bodies had been recovered from a single house there and insisted that the largest death figures for that city were not exaggerated. The Peru list remains placed at from sixty to 300. At least twenty have perished in West Indianapolis, where the flood struck with overwhelming suddenness last night.

DEATHS AT FT. WAYNE.  
Six deaths were reported from Ft. Wayne, three from North Wayne, one from Muncie and five scattering, those being in addition to definite reports of deaths in several places yesterday.

Communication established with Connersville brought definite information that at least forty persons died in that city, and that the death toll in Brookville, Franklin county during Monday night in the White River flood. Less reliable dispatches said the smaller towns of Union City, Cedar Grove and Trenton were swept away completely.

There are three distinct flood districts, each with a different character. In the north all the towns and cities along the Wabash and the larger tributaries are at a standstill. The flood sweeps through Central Indiana, with Indianapolis the greatest sufferer; while Westwater River drains a valley in the southern portion of the State where many towns and small cities have been affected. Smaller streams throughout these valleys are dipping up as the other of the three principal rivers, are swollen and causing more or less damage.

Flood deaths may never be accurately known, and probably it will be several days before even approximate correct figures may be obtained.

DISTRESS IN PERU.  
The most reliable information obtainable from Peru said only a single block of the city remains above water, and that thousands are packed in buildings in the area downtown. Six were reported to have been suffocated in the crowds at the Courthouse, which still is out of

Peru is the most completely demoralized city in the great flood district in Indiana, but Ft. Wayne, Leavenworth, La Fayette and Cedar Grove have experienced loss of life and great property damage with practically all public services destroyed.

## FLOODS BLOCK TRAFFIC BETWEEN EAST AND WEST.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, March 26.—Train communication between the East and West practically ceased today when many railroads annulled schedules as trains, hours late, tried in vain to force their way through the flood zone in Ohio and Indiana.

The chaotic condition caused by the water means, it is said, that rail traffic will be crippled for weeks. The Big Four, Monon, the Erie and the Chesapeake and Ohio annulled their schedules early in the day. The Pennsylvania and Baltimore and Ohio roads will endeavor to run two trains daily between Chicago and New York, using the Lake Shore and Michigan Southern tracks in Ohio.

Other roads in Indiana and Ohio made no effort to run trains. Scores of trains were stalled in different parts of Ohio and reports indicated that many miles of roadbed and scores of railroad bridges have been washed away. Conditions were worse than yesterday despite the fact that in

## BABIES BORN IN COURTHOUSE.

REFUGEES IN PERU BUILDINGS FED FROM BOATS.

McClure and Mangan Break Out and Doctors Fear Pestilence Unless Food Water Supply Is Furnished. Flood Is Receding and Governor Promises Aid.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
PERU (Ind.) March 26.—Several cases of measles have broken out in the city. The children were born in the county building today. At the German Hotel for the aged there are many cases of measles and mumps among the outcasts taken there yesterday, and they have no blankets and no fire. The seasons have been closed. The only water supply is the pump in the Courthouse yard.

A water patrol was established today, but only a few families not housed in the business district were reached. People are dipping up the contaminated water from the streets, and those who are fortunate enough to have fire are boiling it. Hundreds are drinking the germ-laden stuff and doctors predict a pestilence will take a greater toll of life than the flood.

USE SNOW FOR WATER.  
The heavy snow which began falling at 1 o'clock and continued until late tonight, hampered the relief work, but was a blessing in that it afforded pure water. Marooned residents scaped the snow from the tops of their porches and when melted it furnished the only pure drinking water they had had since Monday night.

Hundreds of persons were without fire and spent the day in bed. Traveling men have been active in rescue work. They have subscribed liberally to the general fund.

REFUGEES ARE FED.  
Four carloads of supplies arrived near the city today on the Lake Erie and Western and the Interurban line. Sixty boats were used to carry the foodstuffs to the Courthouse. Not one refugee went without a supper tonight. Many carloads of foodstuffs still are needed to prevent famine.

Gov. Ralston, in telephonic communication tonight, promised relief. The waters receded five inches during the day and it is believed the crest of the flood is over.

## STOCKTON RELIEF PROMPTLY.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
STOCKTON, March 26.—Headed by Mayor Reishman, who gave \$100, relief work was under way tonight totaling \$1000, which will be wired tomorrow morning to the National Red Cross for relief work among the flood sufferers.

The meeting was called in response to President Wilson's appeal for the co-operation of all citizens in behalf of the storm victims.

## OPEN COMMUNICATION WITH OUTSIDE WORLD.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
ARIZONA (O.) March 26.—(By phone from Milton, O.) Associated Press headquarters were established in Dayton tonight in the Van Cleve schoolhouse after much difficulty and it will be early tomorrow probably, before direct wire communication can be established with the outside world.

## MAROOINED PERU CITIZENS HUDDLE IN UPPER STORIES.

Rescuers Man Boats and Pick Up Victims on Leaky of Buildings Where Some of Them Had Remained for Hours—Woman Who Fell Overboard Saved Life by Clinging to Wires on Telegraph Pole.

(BY A. P. NIGHT WIRE TO THE TIMES.)

PERU (Ind.) March 26.—Most of the 15,000 people of Peru are huddled tonight in the upper stories of the business blocks near the Courthouse, which is the center of the relief work.

All day they watched the muddy waters which rushed over the city's pavements, waiting for the flood to subside and permit search of the buildings on the streets near the river, which they believe contain upwards of fifty bodies.

So far only five are known to have been drowned, but members of the Citizens' Committee assert that the death list will not be less than fifty. They cannot see how the occupants of the twelve cottages on Wallace row escaped the rapids that poured over the banks of Wabash River, which after reaching a high-water mark on Monday evening, suddenly rose seven feet in three hours.

## RAW TWELVE BODIES.

One man who came from the West Peru district, said he saw twelve bodies floating in one house. The only person who has been along Canal street, where the greatest loss of life is believed to have occurred, has not returned. The river has increased in width from 400 yards to four miles.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
DELAWARE (O.) March 26.—The bodies of fourteen persons have been recovered and as many more are missing from their wrecked homes here tonight as the result of the overflow of the Ontonagon River, which officials estimate has done damage to the city estimated at \$2,000,000.

The known dead are:

MR. AND MRS. FRANK MELCHER, INDO.  
Their sons, RALPH, aged 4, and LEWIS, aged 4.

MIDDLETOWN (O.) March 26.—Business tonight put an end to all relief work here, and the situation seemed little better than it was last night.

**Task of Caring for Survivors Seems Too Large for Forces in Charge and Work Slows Up—Fifty-two Funerals During Day Bring Realization of Disaster Home to the Living—Rebuilding Plans Being Made.**

[BY A. P. NIGHT WIRE TO THE TIMES.]  
OMAHA (Neb.) March 26.—Fifty-two funerals brought home with greater force to the people of Omaha the full realization of the extent of Sunday's tornado. All day long as fast as burials could be made, a continual death procession was kept up.

Cries and heaves that a few hours before had served as death vehicles for survivors, were in many cases turned into wails by mourners of white, colored, and nationalities who were forgotten. It was a general funeral.

There was little ceremony. As quickly as one funeral was over another began. Undertakers co-operated in arranging burials. In several instances, where entire families were killed, or where more than one member of a family awaited burial, one funeral service was held. Five bodies of negroes, killed in the Idlewild pool, were buried at one time by a funeral home.

DOUBLE FUNERAL IS HELD.  
The double funeral of Mrs. Rose Jones Fitzgerald and Mrs. A. H. Bignall, daughters of Patrick Hynes, one of Omaha's prominent citizens, was held today.

One of the most pitiful of the funerals was that of Mrs. Mary Rathbone and two small children, who were killed at their home.

Many cases of destitution were reported during the day. Relief work seemed to slow up. It took much time to prepare card indexes of survivors and to make requisitions on the relief fund. While these things were being done, the destitute were being carried to the city hall, where they were being housed. The task of caring for these people seemed too large for the forces in charge. WOLFE CREEK (O.) March 26.—"There has been an explosion in the middle of Dayton, and the town is on fire, and the loss of life has been increased. People are burning up. We have no way to get to them, or the fire either, now."

This was the message from a Western Union operator this afternoon.

The Dayton fire department worked from boats and dynamited the upper stories of several buildings in efforts to halt the flames.

All but one or two railroad bridges leading into the city have been washed away.

[BY A. P. DAY WIRE TO THE TIMES.]  
The following are the A. P. Day bulletins from Columbus, O., in re the flood situation in Dayton.

**COLUMBUS (O.) March 26.**—The number of dead will reach several hundred in Dayton, according to a telephone message Gov. Cox received from Operator Bell of the Bell Telephone Company at Dayton this morning. Reports concerning the number of fatalities have been exaggerated, the operator told the Governor, yet he said conditions were terrible.

10:30 a.m.—Gov. Cox received a message by telephone from Dayton shortly before 11 o'clock today from John Bell, a Bell telephone operator, in which it was stated that 200 bodies had been found by men in patrol boats. Some of them were as far out as Wayne avenue, more than a mile from the river.

The Governor also established communication with the Relief Committee in Dayton and was told that the direct need is for drinking water.

12:08 p.m.—Gov. Cox received the following telegram from his secretary, George F. Burba, who went to Dayton last night:

"Deaths may run as high as 2000. Probable loss \$10,000,000. River four miles wide. Cannot get any where near center of city. Water up to second story of Phillips House. Worst calamity in the country since Galveston."

**BUSINESS SECTION ON FIRE.**

1:05 p.m.—Gov. Cox received word from Dayton that the entire business section of the city is on fire and that indications are that it will be destroyed. People were reported to be jumping from roof to roof of buildings, keeping out of the way of the flames.

The fire started in a row of buildings on Third street, between Main and Jefferson streets, next to the library building. This point is two squares south of the Phillips House. The fire is burning south.

When the message was received by the Governor the fire was about to reach the wholesale liquor district, and it was hoped the flames could be checked before they spread to other portions of the city.

The report came from Wire Chief Green of the Bell Telephone Company, who says the fire is now within a block of the telephone exchange, in which is located John Bell, who for more than twenty-four hours has kept the outside world informed as best he could, about conditions in Dayton.

1:08 p.m.—That great disorder prevails in Dayton was the information conveyed to Gov. Cox this afternoon by his secretary, George F. Burba, who told the Governor the demand for troops is imperative.

Mr. Burba said that Frank Rambo, Chief of the fire department of Dayton, is believed to have been drowned and that Adj. Gen. Wood cannot act, as he is marooned.

1:20 p.m.—The Dayton police are unable to cope with the situation. The message came to the Governor from officials of the Home Telephone Company. The Governor upon receipt of the message requested the Associated Press to notify the Mayors of all cities and towns surrounding Dayton, who could reach that point in any way to make haste with boats, as buildings are burning up with people in them.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
ST. LOUIS, March 26.—The Mississippi River was twenty-five feet above low water mark here today, having risen five feet in twenty-four hours. The Illinois River is high and flood warnings have been sent to all points along that stream.

A heavy snowstorm prevailed in St. Louis and large parts of Iowa, Missouri and Illinois today and the melting of the snow is expected to increase the rise in the rivers.

About 1500 residents of the Washington Park district, northwest of East St. Louis, were reported marooned today by breaking of a dike protecting that section from Rose Lake. It was reported that the first floors of nearly all the houses are under water.

**UNCLE SAM ACTS SWIFTLY TO ALLEVIATE SUFFERING.**

[BY A. P. NIGHT WIRE TO THE TIMES.]  
WASHINGTON, March 26.—The principal functions of the government of the United States today was to extend relief to the thousands of homeless survivors of the Ohio and Indiana floods. In quick succession every agency of the government from the President and Secretary of War to every bureau chief in whose department relief expeditions could be organized, moved swiftly.

All troops of the Department of the East were ordered to hold themselves in readiness for duty in the flood districts. Rations sufficient to feed 200,000 persons for five days at least are being purchased by the War Department and hurried to the Ohio and Indiana towns.

Tents to shelter at least 50,000 persons, thousands of blankets, coats, hospital and field supplies are being loaded in cars at near-by army posts, and within 24 hours should reach the devastated sections.

Messages of sympathy exchanged between the President and the Governors of Ohio and Indiana were followed quickly by requests for help, which were promptly answered.

[TO THE TIMES.]  
WILLIAM FIELDING JAMES MAINE, aged 80. TERRIBLE SUFFERING.

Scored marooned on house roofs and tree tops are still alive, although many of them have had no food for thirty-five hours. Walter Rafter, who was washed into the river when the big four bridge went out at 11:30 a.m. yesterday morning, is clinging to a tree in the middle of the river. He has lashed himself with his belt, and is waving his arm in an effort to keep warm.

Several unsuccessful attempts have been made to get ropes and boats to him. Big coal fires were burned all night along the river banks to let the stranded people know that rescue men are still working for them. The river is falling rapidly.

**INDIANA CONTRIBUTIONS.**

[TO THE TIMES.]  
The number of dead could not be approximated, but the loss of property would run into millions. Hugh Dougherty, banker of Indianapolis, was made trustee to receive pecuniary drafts, and Agriculture W. McCoy was directed to receive food and clothing.

The casualty list cannot be compiled until the waters have subsided. The flood toll today was 17. It is still believed that 100,000 to 150 were drowned.

The City Council today appropriated \$100,000 for relief, but much more is needed. The people are hungry tonight.

**—What Just One Dollar Will Do**

\$1 is not a great sum of money—you probably spend that much several times a week in trifles that bring you no real benefit. But under our liberal credit plan a single dollar opens the door to the enjoyment of the world's greatest music. You can wear a dollar—you'll never miss it. Will you invest that amount today and assure yourself the best of musical entertainment and education for years to come?

**\$1 will put a fine Victrola, Edison or Columbia in your home today—**

We have several models in Victrola, Edison and Columbia which we will gladly put into your home on an initial payment of \$1. Extremely liberal weekly or monthly payments will be made on the balance. At this store you will pay just what you can afford. If you will tell us what you are able to do we will meet your "pocketbook."

**If you can't save for music let us save for you—**

Don't make the mistake of trying to save up enough money before buying a Talking Machine, Piano or Pianola Player Piano. You must too much pleasure while you're waiting. Let us do the saving for you. Our credit plan enables you to pay while you enjoy. Why let your home be so much longer when music may be had so easily?

**On Your Way Home Why Not Stop At**

**San Antonio, Texas?**

It is a city of pictures, where the early Fathers and the Don built missions and chapels that stand yet—where stands the old Alamo, famed in history for the only battle of its kind.

It is on your way back East—you can get stop-overs by merely asking the ticket agent.

The booklet, "San Antonio," a booklet de luxe on the same kind of a city, will be sent at the behest of a postcard.

The image shows a dark, vertical, textured surface, likely the cover or binding of an old book. The material appears to be a dark, possibly black or very dark brown, with a grainy, uneven texture. There are visible signs of wear, including scratches, scuffs, and areas of discoloration or fading, particularly towards the top and bottom edges. The lighting is somewhat uneven, with a slightly brighter area at the top and a darker, more shadowed area at the bottom. The overall appearance is aged and worn.

## LOS ANGELES RUSHES TO AID OF FLOOD VICTIMS.

### Cash, Provisions and Clothing for the Stricken and Homeless.

Individual State Societies, Their Federation, the Chamber of Commerce, Civic and Social Bodies and Corporations Join Hands in Swift Relief Work—Big Benefit Mass-Meeting Saturday Night.

**THE TIMES** yesterday opened a fund for the benefit of the stricken and homeless victims of the Ohio flood. The fund was opened by the Times yesterday afternoon and evening. The Times-Mirror Co., \$1000; Knappe Cohn, 500; Robert Marsh, 100; A. C. Billie, 100; H. A. Brown & Co., 100; Isaac Milbank, 100; William M. Garfield, 100; Isaac Brothers, 100; J. Ross Clark, 100; F. W. Brown, 100; W. G. Kerkhoff, 100; John Brockman, 50; R. H. Raphael, 50; Hugh W. Bryson, 50; E. F. Clark, 50; E. F. Hagan, 50; John G. Hagan, 50; John A. Hagan, 50; Jacob Hagan, 50; William Hagan, 50; William Hagan, 50; Dr. Alice H. Chaffin, 10.

Total, \$2775.

The Times continues to receive subscriptions to the fund for the relief of victims in the flooded districts. Send your checks to The Times, the money the better, as the needs of the victims are urgent.

The appeals for help sent out from the flood-stricken cities of Ohio met with ready response in Los Angeles yesterday. The Federation of State Societies announced a relief mass meeting for Saturday night in the Auditorium. President C. Elliott Miller of the Ohio State Society called a meeting of the Executive Committee and began taking subscriptions. The local branch of the American Red Cross announced that it would receive donations; a general subscription list was started by The Times; the Chamber of Commerce named a relief committee, which will meet at 1 o'clock this afternoon to begin the work of assembling and forwarding contributions, and representatives of the railroads and express companies are preparing to give such shipments free transportation and the right of way over all lines.

Dr. Robert J. Burdette, Col. John J. Steadman, Miller and other have been invited to the meeting Saturday night. The vice-presidents of the federation and the presidents of the State societies, The Festival Choir of 200 voices of Redondo Beach, under the leadership of Thomas Taylor Drill, will sing the Ohio State song and "I Love You, California." These resolutions were adopted yesterday by the directors of the federation:

**STIRRING RESOLUTIONS.**  
"To the Citizens of the Southland: 'Flood, wind and fire are working ruin and devastation and death in the States along the Mississippi River and its tributaries. Extreme cold is adding to the horrors of the catastrophe. Thousands are homeless and practically destitute, hundreds of thousands are in need of immediate, practical aid."

"The Federation of State Societies of Southern California will take charge of the movement here to raise funds for relief, and to assemble clothing, shoes and blankets and other supplies for forwarding to the stricken territories."

"Through The Times the officers of the Federation appeal to the people of the Southland for assistance in this movement. Any subscriptions or donations will be received at the home of the Federation of State Societies at No. 1 West Seventh street, where representatives of the organization will assist in checking in the relief supplies and funds, and sending them on immediately."

"Promptness is necessary. One dollar forwarded today will be more useful than \$10 sent two weeks hence when the worst of the calamity is past."

"We, the officers of the federation, appeal to you to come to the aid of our stricken and suffering fellow-Americans."

"All subscriptions and donations will be forwarded to, dispensed by and accounted for by the general officers, respectively, of the affiliated States. Arrangements have been made to have all goods transported free of cost to the stricken districts through the generosity of the several roads. Any money donations may be made at any bank in the city, and the fund will be later collected by the federation."

"When the donor designates the State to which he desires his donation sent, it will be sent to that State."

(Signed) "C. S. O'BRIEN," President; "E. H. PERKINS," Secretary.

The directors of the federation have called a meeting for 7:30 o'clock this evening at the Federation Home, No. 957 West Seventh street, to arrange the details of the Saturday night meeting.

Orta E. Manette, treasurer of the Ohio Society, is receiving subscriptions at the Citizens Trust and Savings Bank. The other officers of the society were authorized to receive subscriptions.

Dr. J. Edgar Collier, local secretary of the Red Cross, is receiving

Women of the Ohio society subscribing relief fund for flood victims. The members of the local organization of former residents of the Buckeye State came promptly to the front for the assistance of their afflicted friends at home. In it they are joined by the entire city of Los Angeles.

subscriptions at his office, No. 1015 Winter-P. Story building. He made the request that all checks be made payable to the American Red Cross Society. The funds will be sent direct to the Red Cross representatives in Dayton and other cities in the flooded district.

## PROCLAMATION BY MAYOR.

Makes an Earnest Appeal for Help and Orders Flags at Half Mast.

The following proclamation was issued yesterday afternoon: March 24, 1913.

TO THE CITIZENS OF LOS ANGELES:

The great loss of life and property and suffering in the flood districts in the Middle West States has assumed such proportions that I, as Mayor of Los Angeles, believe it is incumbent upon me to issue an earnest appeal to the citizens of our city to contribute money, food and clothing supplies to the sufferers.

To this end I have requested the Chamber of Commerce to act as the agent of the city of Los Angeles in receiving contributions and distributing the same.

My request was acted on by the board of directors of the Chamber of Commerce without delay; it gladly accepted the task. The railroads and express companies have offered to convey gratis all supplies contributed. The New York Central line, this including its fast freight lines, has informed me that it will handle without charge any food, clothing or other supplies contributed for the relief of the sufferers.

This company will receive at its western terminals—Chicago, Peoria and St. Louis—all supplies forwarded from this city by the transcontinental companies, should be a common cause, a cause every citizen should unite to assist in relieving the distress and suffering of the many thousands of men, women and children whose homes were swept away and who are destitute and left without means of livelihood.

I have directed that the flags on the municipal buildings be placed at half-mast for a period of three days as a mark of respect to those unfortunate whose lives were taken by the floods. I would request that all buildings displaying flags do the same.

(Signed) GEORGE ALEXANDER, Mayor.

## NEED VERY GREAT.

Strong Appeal Comes from Washington Headquarters of Red Cross Society to Local Secretary. The need for assistance in the flooded districts is very urgent as indicated by this telegram, received last night by Dr. J. Edgar Collier, secretary of the local society, from the Washington headquarters of the American Red Cross Society:

"Red Cross advised by Governor of Ohio and its own agent of great need in flooded district of Indiana and Ohio and request that your local papers be asked to print an appeal for funds to be forwarded by local secretary to Red Cross. Our agents are on the ground."

"MABEL BOARDMAN," Chairman Relief Committee.

Millionaire's Will  
LEAVES WEALTH  
TO RELATIVES.

PROVIDES TRUST AND DIRECTS  
WHO SHALL ADMINISTER.

Watch and Chain and Sword Carried During Civil War Go to Grandson—Furniture, Carriages and Automobiles to Widow, Legacies to Several.

The will of the late Everett W. Brooks of Chicago, who died in Pasadena last Thursday, was filed yesterday by former Judge Gibbs. Although Brooks is rated as a millionaire, the estate is in excess of \$100,000, and does not detail the property. The will is dated September 29, 1910.

The will provides a trust and names Mrs. Evelyn Brooks, her daughter, Mrs. Evelyn Brooks Gifford, and her husband, Robert L. Gifford, as trustees, with power in the conditions named to manage the estate and pay the income and legacies directed in the will.

The income from certain unnamed life insurance policies is directed to be paid by the executor, who are the widow, daughter and son-in-law, out of the trust estate to Evelyn, Mrs. Brooks is given the household furniture, paintings, carriage and automobile.

The watch and chain worn by Brooks and the sword he carried during the Civil War are prized gifts he leaves to his grandson, Brooks Gifford.

Mrs. Brooks is given \$50,000, and \$25,000 is bequeathed to Mrs. Gifford. The latter and her husband, as trustees, receive \$10,000. It is provided that when the grandson reaches the age of 25 years the trust estate remaining shall be delivered to him.

Legacies of \$2000 each are given to the nephews, Charles H. Gifford and Everett B. Gifford of Groton, Mass.; Hall L. Brooks and Warner E. Brooks of Tompkinsville, Ky.

In memory of Brooks's mother, Hannah, he bequeaths the First Universal Church of Medford, Mass., \$2000.

Mrs. Brooks is to be paid by the trustees out of the residue of the estate \$10,000 a year and if a further sum is desired, the trustees are directed to give her not in excess of \$10,000 additional in one year.

The daughter, Mrs. Gifford, will receive \$1000 a year and not in excess of \$5000 additional. It is directed that in the event of the death of Evelyn, one-third of the trust estate shall go to her heirs.

Brooks was a retired lumber merchant. At one time he was a paymaster in the United States Navy.

MADE OF CHARGES.  
Woman Accused of Intimidating Employer Threatened to Put Husband Out of Way—Accused Alleges Forgery.

Mrs. Anna Huber Bisogni and Silio Bisogni, her husband, were arrested by the police yesterday on fugitive warrants. Frank Bisogni, a ranchman, alleges they forged his name to numerous checks.

Mrs. Bisogni told the police she gave Bisogni, for whom she and her husband worked, a check for \$750, her portion of the estate of her husband, on Bisogni's representation that he would have it cashed for her. Bisogni, she says, several times sent her money, but not altogether as much as her check was worth.

According to Mrs. Bisogni, Bisogni became infatuated with her and tried to get her to leave her husband. When she refused, she alleges, Bisogni proposed that he have Bisogni sent to a penitentiary on a forged charge. The woman declares she would not listen to Bisogni and came here with her husband from Fresno.

Bisogni said his wife's story is true, but that he knew nothing of Bisogni's plot to send him to prison.

Gianini declared the whole story is false and that the couple stole his checkbook and plundered him.

CITIZENS TO FIX RATES.  
Election Will Be Held in Pomona in April on Charges for Electricity, Gas and Water.

The citizens of Pomona will determine April 7, what rates they shall pay for electric light, gas and water. The vote of mandate asked by Albert A. James and others of that city granted by Judge Conroy yesterday, and the Mayor and City Council were ordered to make provision on the ballot for these measures.

James sought by an initiative petition to force lower rates. The petition bears the necessary number of signatures but, according to James, the City Council refused to act, declaring it lacks authority.

The city charter, it appears, provides that the rates shall be fixed in February of each year. Judge Conroy held that the application of James and others came under the recently adopted constitutional amendment which confers this power. The amendment, the court ruled, supersedes the provisions of the city charter.

The schedule which the citizens will vote on calls for a reduction in the rate for electric light from 8 to 5 1/2 cents, gas from \$1.25 to 90 cents, and water approximately cut of 50 cents in the price of water.

FOR TEACHERS' COLLEGE.  
Directors of Chamber of Commerce Indorse Bill—Delegates Appointed to Conference.

Directors of the Chamber of Commerce indorse the bill to establish a teachers' college in Southern California yesterday and went on record as approving a campaign to encourage support of the bill.

"Most of the educational advantages have been given to Northern California," reads a statement issued by the directors. "While Southern California has been slighted, though furnishing the larger number of persons seeking higher education."

President Kinney was authorized by the directors to appoint delegates to represent the chamber at the National Conference of City Planning in Chicago, May 5-7, and a delegate to the Lake Mohawk Conference on International Arbitration, May 14-16.

The committee to arrange for the Chamber of Commerce night at the Mission Play, April 3, was announced. The members are Don W. Chaston, chairman; C. J. Thamer, H. A. Baur, J. G. Donohue, J. T. Fitzgerald, W. A. Hammel, S. R. Burns, Judge McCormick, C. S. Holman, D. J. Desmond, Bernal Dyak, E. A. Gieseler, F. W. King, J. B. Lankersheim and J. G. Mott.

Would Dismiss Suit.  
The Harbor Commission yesterday instructed its special counsel in the rate cases, Joseph J. Smith, to stipulate with the Southern Pacific Railroad putting into effect the compromise freight rates between the harbor and the city which were agreed upon recently, and authorizing the State Railroad Commission to dismiss the action of the city against the Southern Pacific in this matter. The compromise rates make equal charges on interstate, intrastate and foreign freight traffic between the harbor and the city.

CHARGE FIVE WITH THEFT.  
Five young men were arrested last night charged with having stolen an automobile owned by Mrs. D. H. Gifford of Alhambra. The prisoners are Percy H. Smith, No. 543 South Flower street; A. A. Le Croy, No. 772 West Third street; Lloyd Munger, No. 1611 Diamond street; Gordon Wheeler, No. 227 South Figure street, and Neal Lacy, Smith's roommate. The machine was stolen from in front of the Auditorium on First street. The machine was recovered at Elysian Park.

"THE DEVIL'S ROOF."  
Dangers Explained in the Antarctic Regions Experience Tells Ash Un-known Around the North Pole.

[London Chronicle:] "Visitors to Switzerland alone can appreciate the dangers of crevasses in the ice sheets. But in the Antarctic they are more numerous and attain far greater dimensions than in Switzerland," said

L. C. Bernacchi, the explorer. "They lie hidden under the snow and very often the explorer does not know that he is on a crevasse until he has traveled some yards and then he hears no hollow sound. He will then wonder whether to go on or to turn back, but experience has taught that the greater danger may be incurred by turning back."

"Crevasses are peculiar to the ice sheets over land. They are non-existent at the North Pole because there the ice is a frozen ocean. All Antarctic expeditions have had to negotiate the difficulties of crevasses, and sometimes their existence has compelled the explorers to make a detour of many miles."

"Where land lies out into the sea or, to be more precise, into an ice sheet in the Antarctic, several crevasses will be found radiating from this point. Some have been known to be fifty yards wide and 2000 feet deep. Instances are also found where a ledge was sunk half way through the ice roof and has been rescued with the greatest difficulty. In these cases the explorers were lucky to avoid the ledge, but they had the uncomfortable experience of being suspended over a deep chasm."

Capt. Amundsen calls the treacherous snow which conceals a crevasse "The Devil's Roof," while both the late Capt. Scott and Sir Ernest Shackleton have described them exhaustively in their books.

METAL OF THE STANDARDS.  
Iridio-Platinum Is the Best Produced and Is Less Affected Than the Pure Metal.

[Harper's Weekly:] There are undoubtedly no products of human skill on which a greater degree of care is expended than the standards of weights and measures in use among the civilized nations.

Two things in particular must be considered, accuracy and durability. Nature does not, it is contended, furnish any single metal or mineral which exactly answers the requirements for a standard of measure or weight that shall be as nearly as possible unalterable.

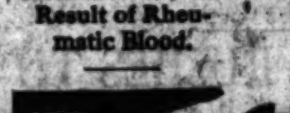

It is held that the best substance yet produced for this purpose is an alloy of 90 per cent of platinum with 10 per cent of iridium. This is called iridio-platinum, and it is the substance of which the metric standards prepared by the International Commission of Weights and Measures are composed.

It is hard, it is less affected by heat than any pure metal, it is practically non-oxidizable, is not subject to rust and it can be finely engraved. In fact the lines on the standard meters are barely visible to the naked eye, yet they are smooth, even, sharp and accurate.

It is said that if our civilization should ever be lost and relics of it should be discovered in some brighter age in the remote future there is nothing which would bear higher testimony to its character than these standard measures of iridio-platinum.

Rheumatism,

## Silks Other Stores Will Show Next Fall—Here Now at Coulter's

And even next fall, only a very few stores hereabouts will, by any possibility, display such really elegant silks as these, just received, direct from the importers. It is for just such "different" materials that this Silk Section has become famous. It is incredible that silks of this character can ever become common. Modistes and fastidious women who desire individuality in their gowns and wraps will best appreciate their exclusiveness.

**Broche Velvets on Chiffon**

## Thursday, Friday and Saturday—Three Days of Extra Good Bedding Values

Here is a timely sale, indeed; for even if supplies in your town house do not need replenishing, doubtless you are already making plans for getting down to the beach, or up in the mountains, for the summer time that's coming—in any event, fresh bedding, at reductions, is always a profitable investment.

## All Pequot Sheets, Cases and Sheeting, or Casing by the Yard, Reduced

Yes, the entire stock, both plain and hemstitched, is reduced; it is obvious that we cannot go into details as to the specific reduction on each size or width or brand, because of the enormity of the stocks involved. Both the famous Pequot Sheets, Pillow Cases, Sheeting and Casing by the yard—and our own Coulter's Special Sheets and Pillow Cases—go into this sale at reductions—

# Your Home Will Grow in Value in Arlington Square

And You Can Purchase It On Easy Terms

When you buy your lot in Arlington Square you are following the trend of fastest rising values. You are not buying where development and profit will reach you some time, but where these conditions exist already. In other words, you take no chances.

The choicest portion of the big \$7,000,000 Baldwin estate practically adjoins your property. Four car lines serve it; 50 feet; gas, water, electricity, telephones, cement walks and curbs, beautiful deep parking, planted with palms and acacias; smooth surfaced streets—

all these advantages and improvements are there ahead of you. You do not have to wait for them, nor do you have to pay for them. You are surrounded by a neighborhood distinguished for lovely homes. Arlington street style of bungalows is continued right through Arlington Square. Santa Barbara avenue, wide and highly improved, bounds it on the south. You are only at 39th street, which means being close in. You are in the vicinity of Manual Arts High School, one of the best in America. The 35th Street School is close by, as is also the new Grammar school at Western Avenue.

## CUT YOUR DOCTOR'S BILL IN HALF

Spring is the most favorable season of the year for quick and permanent cure. DR. A. J. & G. W. SHORES, the eastern and chronic disease experts, after twenty years' personal experience in treating over 100,000 cases of CATARRH AND ALL MANNER OF CHRONIC AND REPEATED DISEASES, unhesitatingly declare that more cures are made during the spring months than in any other time of all the year. FAVORABLE CLIMATIC CONDITIONS CUT DOCTOR'S BILLS IN HALF. Sick people who have suffered in silence all winter, chronic catarrhs who have spent so much money on worthless treatments that they are almost entirely discouraged, and recent sufferers who are just beginning to feel the first touches of Catarrh—should all take action that will lead to the best time to be cured quickly, cheaply and permanently. NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES

### WOULD FEAST AND BE MERRY.

"Situation Not so Bad as Reported" Says Spill.

Pasadena Ohio Society to Hold Its Banquet.

Automobiles Collide But Injuries Insignificant.

PASADENA, March 27.—Notwithstanding suggestions that it be turned into a benefit or some kind of relief meeting instead, and despite the fact that his predecessor in office declares he would rather see the money that has been raised for the pleasurable time turned over to the flood sufferers, William A. Spill, president of the Pasadena Ohio Society, stated last night that the annual banquet of that organization will be held at the Hotel Maryland tonight as planned.

Spill says that the reason it will be held is that "Pasadena Ohio people know that the situation cannot be as bad as it is reported." He said that he had read President Wilson's appeal for help throughout the country, but that nevertheless he knew that the flood could not be as bad as it is pictured as he is himself familiar with the lay of the land. The banquet will take place.

This statement was made in the evening after he had conferred with other members of the society, among them Rayson Warren, a former president, who does not take the same view at all.

"Unwarranted reports have been published," said Spill last night. "The whole thing has been greatly exaggerated. I read that Youngstown is under water. Youngstown is almost always in that fix. I think that the newspapers have been hard pressed for real news when they will print what they have printed."

"Pasadena Ohio people do not think that the situation is anything near so serious as it is reported to be. We don't hear of any demands for money. Drinking water is what is needed most, and some food, perhaps, and some clothing. The situation is just this: The reports are badly muddled somewhere. Yes, the banquet will be held."

"What I should like," said Warren last night, "is that if things are as bad as they are reported, and I have no doubt they are, the money that has been raised for the banquet be made a relief fund and that still more be raised. I should not like to see the banquet held if the situation is as serious as is reported. If it is held I think that something should be done there, that a fund should be started for the aid of the sufferers, and I think that if the dinner is given this will likely be done."

The question of whether the banquet should or should not be held was the principal topic of discussion among former Ohio residents here yesterday, and there are many who are decidedly of the opinion that it would be highly improper to feast at a time when there is suffering in their old home State, even if that suffering were not one-tenth what dispatches from Middle Western cities and the President's appeal say.

The directors of the Board of Trade at a special meeting held yesterday

morning resolved to start at once to raise funds for the relief of the flood sufferers in Ohio and other stricken States. Referring to President Wilson's appeal for aid, the resolution reads:

"In pursuance of this request the Pasadena Board of Trade earnestly appeals to the citizens of Pasadena to make as liberal contributions of money as they feel able to stand. The Board of Trade will receive such contributions and forward the same as expeditiously as possible to the American Red Cross Society in accordance with the following telegram, sent this morning:

"Gov. James M. Cox, Columbus, O.: Pasadena extends sympathy to Ohio in its terrible disaster and our citizens are preparing to furnish aid to the sufferers through the National Red Cross Society, as requested by President Wilson.

(Signed) "PASADENA BOARD OF TRADE," "L. M. Turner, President," "A. J. Bertonsau, Secretary."

**AUTOMOBILES COLLIDE.**

An automobile collision late yesterday afternoon in which both cars were turned over and the occupants split out in a heap, resulted in no greater injury than the serious bruising of George D. Jones of No. 1146 Summit avenue, Mrs. Fred J. Hurt of No. 1999 Summit avenue and J. Winslow Chick of No. 460 South Madison avenue. All were taken to their homes.

The accident occurred at 4:30 o'clock at the corner of Madison avenue and Center street. The automobiles, one driven by Chick, in which rode Mrs. Chick, Mrs. Bart and Mrs. Lewis, the daughter of Mrs. C. Lewis of Artesia, in which Mrs. Lewis also rode, came together at right angles and the car of Mrs. Lewis tipped over on top of it. Both automobiles were badly damaged.

**TRACES BURGLAR'S STEPS.**

W. R. Froll, a police detective of San Francisco, spent part of the day yesterday in Pasadena trying with pictures to identify some of the jewelry found in the possession of Owen Conn, the burglar who was arrested there a short time ago with many thousands of dollars' worth of stolen valuables in his possession.

According to Froll, who was the man responsible for the capture of Conn, and who has since been checking up his past movements, the burglar could not have been in Pasadena except between February 11 and February 13. Three burglaries here are put down to his credit, that of the rooms of Mrs. F. St. Francis at the Maryland Apartments; that at the home of George A. Baldwin, No. 374 South Euclid avenue, and one at one of the businesses at the Hotel Maryland. No report was made of the last named and it was only yesterday that it became generally known.

Froll says that several thousand dollars' worth of jewelry that was stolen from Mrs. Padridge has been identified and that it will be returned to her as soon as an order is issued by the court, which will probably be at an early date.

**CITY BRIEFS.**

Invitations are out for a musicale to be given by the faculty of the music department of the Orton school, next Monday at the Hotel Maryland.

Three-licensing applications for new liquor licenses have been filed with the City Council by Pasadena druggists and restaurant and hotel proprietors.

### POMONA GOOD BOADS.

Fifty Thousand-Dollar Proposition Interest Citizens—Suggest Superintendent Puts Thoroughfare in Good Condition.

POMONA, March 26.—Street Superintendent Edward Bahr is continuing his good work of putting the main thoroughfare here in as good condition as possible and is calling some streets. There is much interest among the citizens over the proposition by the City Council to borrow \$50,000 to prosecute work on roads in the city and thus boost the State

Highway route this way. The \$50,000 proposition will be voted upon at the local election next month and the money will eventually be provided if the measure is favored, by taxation extending over a period of several years. This road work if carried out will give much employment to local workers.

The Elise Line road north of this city is being extensively improved for the increased spring and summer travel. Necessary culverts have been put in and a steep grade west of San Antonio avenue has been reduced, making it now available for automobiles. Some sharp curves and bad crossings on the county road in Live Oak Canyon north of here have been bettered. In the work on the canyon road the county has been aided by Messrs. Dewey, Aris, Snyder, Bowen, Palmer and others who have bungalows and land in Live Oak.

The Kaufman Parent-Teachers met this afternoon at the Fifth-street kindergarten and listened to an address upon "David Livingstone" by Miss M. M. Jacobus, the public librarian. There was a piano solo by Miss Maude Liddle and a vocal solo by Miss Lulu Harris.

Dr. Ella Huntington delivered an address upon "Hygiene" before the North Garvey-avenue Parent-Teachers' Association at the North Garvey-avenue schoolhouse this afternoon.

Charles E. Walker went to Ocean Park this morning to attend the funeral of the late Mrs. Michael Smith, who formerly resided here. The interment was at Inglewood.

Harold Andrews, youngest son of Mrs. Samuel N. Andrews, has left San Pedro with a tourist party and will visit Mexico, Central America and the Panama Canal before returning here. Several other Pomona residents are contemplating the Panama trip, which is proving popular. G. R. Richmond of this city, who recently visited the canal, has entertained several parties of friends with interesting tales of the great project and the manner the work is being carried on.

Condemnation Suits to Be Heard in Few Days.

San Bernardino, March 26.—A. A. Marshall has been named, unanimously by the Chamber of Commerce, as president of the fourth National Fair to be held in February of next year. He will at once name the members of his Executive Committee with a view to completing the committee for selection work.

Marshall has been previously identified with the citrus industry in the state, being for several years secretary and manager of the Citrus Protective League, and closely identified with the industry in many other ways.

He also has been one of the leaders in the fight for the past National Orange Show, and has the confidence and support both of the business men of the city and fruit growers of the state.

**LAST RITES.**  
The funeral rites for the late W. H. Barton, held at the Young Men's Christian Association building, were held at 2 o'clock yesterday afternoon, and the remains were interred in the cemetery.

The body was laid to rest in the cemetery, and the funeral was in charge of the Masonic lodge.

### CHINATOWN DIRT YIELDS BIG PAY.

(BY DIRECT WIRE TO THE TIMES.)

San Diego, March 26.—(Exclusive Dispatch.) Excitement equal to a small-scale gold strike rumor has been caused in this city by the finding of \$300 in gold buried in a tin can at the site in Chinatown where the Platte building will be erected at J and Mariposa streets.

Sums of money ranging from \$5 gold pieces to \$20 have been found where the men are excavating. The dirt is being sold for \$10 a load and Clifford Streeter found the \$300 in his load. Many urchins spent the day in digging about the premises.

The place in Chinatown in early days was occupied by a notorious dance hall and saloon and was recently torn down to make way for the modern structure.

It is ruled that the defendant must continue to supply water to consumers under its system at 10 cents per inch, equivalent to cost of upkeep of plant.

Justice Shaw, who wrote the decision, takes the ground that the plaintiff, with W. F. Whittier, the real defendant, are owners of the water plant, and entitled to water at the cost of upkeep.

The suit was brought as a result of the raise in the price of water from 10 cents an inch to 15 cents.

**GOOD FRUIT GOING OUT.**  
Riverside continues to ship good oranges, twenty cars going out the past week. The work of getting out fruit is greatly facilitated through the use of the fruited fruit eliminator perfected by Frank F. Chase of the National Orange Company. Chase is to take out a patent on this machine, the product of Riverside, in the Western of the W. R. M. and others.

The body was laid to rest in the cemetery, and the funeral was in charge of the Masonic lodge.

### MINISTER'S SON ADMITS GUILT.

(San Diego.)

Burglarized Three Houses to Pay His Debts.

Father Is Hollywood Pastor Son Regrets Grief.

Son Is Anxious to Prevent Family Disgrace.

(BY DIRECT WIRE TO THE TIMES.)  
San Diego, March 26.—(Exclusive Dispatch.) Jack French, son of Rev. James T. French, pastor of the Church, South of Hollywood, wife from the L. F. Sennabach residence, No. 4204 Tenth street, Esplanade Sunday morning, according to his admission, the following articles: Gold watch, wedding ring, two small savings banks containing checks, Kodak, revolver, linen handkerchiefs, the Royal and a short time after the robbery of the Sennabach home, he took No. 24 in Esplanade, the front door, \$4 in the cash register, the \$12, taken from the cash register, he had a key.

This makes the third burglary fastened upon French and the police know another case of theft which probably will be placed at his door.

In the City Jail today French nonchalantly admitted his guilt and said he supposed his next move would be to the penitentiary. Elegantly dressed, the only embarrassment he showed was when he could not find anything to read. After being supplied with several magazines he was promptly taken to his cell.

"I really don't know why I did it," said he this morning. "I needed money for one thing and every cent I realized on the stolen stuff I used to pay my debts. When I got out to the Sennabach residence I got into the front door and going in, I found that no one was home. As I had been in the house I knew where some valuables were kept. I found them without any trouble. After taking what looked valuable I knocked on the front door and getting no response, I walked around to the rear door where I knocked again. Getting no response there I entered the house. All this happened between 11:30 a.m. and 12:15 p.m."

The only regret or fear expressed by the young man is for his father whom he is anxious shall not hear of his disgrace.

"I want them to keep my father out of this thing," said he. "I am willing and ready to take my punishment and I guess it will be enough before they get through with me."

French signed a confession enumerating the stolen articles and the Captain of Detectives Myers said that French had the whole force "buffaloed" for a time as he so stoutly and indignantly denied being the thief that they were momentarily nonplussed.

The first breakdown came when he was told that the police had the number of every gun sold in the city and to whom it belonged. He was told that the gun found pawned by him was not owned by him at any time. At this he paled and weakened. Quick to follow his advantage, the officer soon had him ready to tell the story. He will be arraigned tomorrow.

**TO AID OHIO.**  
President Small of the Chamber of Commerce has called a meeting of the directors to consider the part that Riverside should take in aiding the flood sufferers in Ohio. The officers of the Ohio Society have been considering some action, but will meet with the directors and probably cooperate with them at the meeting called for tomorrow morning.

**PLUMP AND BUSTLING.**  
This Georgia Peach Looking for California Hobby Who Must Be Kind and Independent.

**LONG BEACH, March 26.**—Along with his other duties Mayor Hatch is now asked to become director-general of a marriage bureau to accommodate the lonely. In this morning's mail he received a letter from Atlanta, Ga., in which a plump little southern girl says she wants a loving, California man for a husband. The letter is dated March 16, and after asking the Mayor's good offices says:

"I am a business girl, 25, brunette, 154 pounds, 5 ft. tall, can cook, ride and drive, and know how to keep a man's house as it should be. The man I want must be over 40, neat and lovable, must love home, be in business and have comfortable home. Will you please give this publicity and if any applicants want a photo of me, send me a card. I will send it. Respectfully,

"MISS BESSIE LITTLE,  
Atlanta, Ga., General Delivery."

EL CENTRO, March 27.—(Exclusive Dispatch.) Jack Burton, a youth of 18 from New York, was arrested yesterday and will be held pending an investigation by officers. Burton was discovered by the janitor in the post-office Monday, but made his escape before the officers arrived. He was afterwards surrendered to the City Marshal and turned over a number of letters which he had pilfered from mail boxes. The United States postal inspector has been notified by Postmaster Miller.

### CHILD DROWNED IN CISTERN.

Anahiem Youngster Falls Into Reservoir and Drowns Before Help Could Arrive—Funeral of Pioneer.

ANAHIM, March 26.—While little Dean Willis Henson, aged 8 years, was playing at the home of his grandparents, Mr. and Mrs. John Lemke, of Placentia, yesterday afternoon he fell into a cistern and was drowned.

The little fellow was engaged in play with his small niece upon the cistern and unconscious of any danger, the little boy lifted a board that was used to cover an opening to the cistern, which was about ten feet deep. In lifting the covering he slipped and fell in. His playmate at once gave the alarm and a young man immediately jumped into the water, but as it was quite dark under the covered water he could not locate the boy. A lantern was then used in the search and it was discovered that the body had sunk. It was fifteen minutes before the body was recovered.

Two physicians worked over the body in the hope of resuscitating it, but all attempts failed.

Dean Willis was the only child of Mr. and Mrs. Dean Henson of this city and the grandson of Dr. and Mrs. Henson of Buena Park, and well known throughout Orange to the Anahiem cemetery.

The body is to be undertaken by the family of Backs & Terry of this city, where Coroner Winkler held an inquest this morning, the verdict being accidental drowning.

The funeral is to occur tomorrow afternoon at 2 o'clock at the local undertaking parlors, the interment at the Anahiem cemetery.

**HILL FUNERAL.**  
The funeral of Mrs. Blanche L. Hill, who died suddenly Saturday morning, was held yesterday at the Episcopal Church. Mrs. Hill was a resident of this county, having resided in this locality for many years. She was 48 years of age and leaves a large family. She is the widow of the late William J. Hill, who died only a few months ago. The funeral today was one of the largest attended in this city.

**ELMINORE SANATORIUM.**  
SANTA ANA, March 26.—Dr. M. A. Schultz of Long Beach, proprietor of the Elminore Hotel there, has bought of Mrs. A. Epperson of Elminore, formerly of Long Beach, a seven-room, two-story house and six lots on Pottery street, which he will transform at once into a sanatorium. Dr. Schultz will add all sorts of amusements and rooms for massage and electrical treatment. Work has begun and will be rushed to completion. Mrs. Schultz will arrive today to join her husband. They are at the Bundy Hotel and are old friends of Mr. and Mrs. O. W. Ambery, owners of the Bundy. The sanatorium property was formerly owned by Mrs. Martha Lawrence.

## SEEKS TO KILL WHISKY TRADE.

### DONATES BIG SUM TO FIGHT THROUGH CONGRESS.

Portland Millionaire Has No Grudge Against Beer or Wine. Serves Them at His Own Hotel. Cago Submarine Has Successful Test in Harbor.

LONG BEACH, March 26.—S. Benson, the millionaire lumberman and hotel owner of Portland, Ore., who is passing the winter in Long Beach, has started upon what seems an incredible task, but in which he has so much faith that he has set aside \$50,000 for preliminary work.

Benson is an ardent prohibitionist, and believes that the ultimate success of the cause in the United States depends in a measure upon the continuance of the manufacture of whisky, and he will endeavor to secure legislation by Congress to that end. The \$50,000 is for incidental expenses in starting a concerted movement throughout the nation, and if he considers the outlook good for ultimate success he will put larger sums at the disposal of his lieutenants.

His attorney is at present drafting such a bill as he deems passed. It positively prohibits the manufacture of whisky, but does not stop the making of beer and wine, the bill specifying, however, the amount of alcohol to be allowed in any beverage.

Benson, despite his prohibition sentiment, does not believe in discrimination against any large tourist hotel in the matter of license privileges. His new \$1,500,000 hotel, the Portland, opened two weeks ago, has table privileges.

The bill provides that the loss of revenue entailed by the abolition of distilleries may be met in part by an increase of \$2 a barrel tax on beer.

**SUCCESSFUL TEST.**  
After countless troubles, mishaps and plans gone awry, the camp of the Los Angeles Submarine Boat Company is a scene of joy this evening, following the successful submergence tests today of their initial craft, the Cago submarine, differing from other submarines in that the engines are gasoline-propelled, the propellers in front, and having a novel ventilating device that gives added protection to the crew of the boat.

The tests were made in the inner harbor opposite the municipal docks, and with John M. Cago, the inventor, Allen Hear, chief engineer, and assistant Clifford Hausenstein in the interior, the forty-three-ton steel craft, with seventy-eight-horsepower engines, went to the bottom of the harbor first bow-end and then the stern, and in a few seconds came to the surface.

The longest stay was five minutes under the water, the gauge registering a depth of eighteen feet.

With 25,000 pounds of compressed air in the tanks, only 150 pounds were used throughout the tests, which lasted two hours. After slight adjustments are made the craft will be taken into the channel for more trying tests.

**REPORT AT LAST.**  
The long-delayed report of the Council Franchise Committee on propositions submitted for plans and amusement concessions on the beach front near the disputed Strand tide lands, was given to Council last night and without comment was received as filed. The Councilmen attached the report with no little discussion as possible.

It is said that some of the Councilmen are not in favor of the plan taken by the committee, and were only held in check by the prompt filing of the report, which advocates that application for plans must be for franchises and not leases. The report, while favoring apparently the application of Charles J. D. Loeff for his proposed million-dollar plan in front of the Strand property, throws about it such provisions in the way of dedicating a private walk to the city as a public thoroughfare and erecting an enormous rental to the disputed land if the city wins title, that it is a question whether Loeff will give it further consideration.

**CITY MARKET TEST.**  
The second day of the experimental city market brought thirty-two dealers to the Pacific Park curb this morning and they were kept busy during the morning hours until their stocks were exhausted. A pleasing feature was the presence of more truck gardeners with a greater variety of produce. Prices remained about the same, though the presence of these gardeners caused prices for the head of lettuce to range from 21 to 25 cents in active competition.

Among out-of-town visitors this morning to the market were Dr. E. D. Brooks, of the United States Public Health Service, Health Commissioner Powers of Los Angeles, City Health Inspector Nelson, Fruit and Vegetable Inspector Medford of Los Angeles. All spoke favorably of the market and the safe-guards thrown about sanitary conditions, and predicted a complete success of the measure.

**BANQUET TOMORROW.**  
Limited to 200 plates, all reservations for the Chamber of Commerce banquet at Hotel Virginia tomorrow night have been filled and many applicants were turned away today. A musical programme by soloists will be given during the progress of the banquet. J. A. Rominger will be toastmaster and talks will be given by President W. H. Reider, Weather Forecaster Ford Carpenter, and George Wharton James.

An abandoned launch, found on the beach east of town this morning, proved to have been stolen last night from a boathouse at Bay City by two Los Angeles boys who went for a joy ride and after they grew tired beached the launch and skipped. The boys have a good description of the boys which has been sent to the Los Angeles police.

Three thousand persons tonight at the Auditorium greeted Dr. Harold Wiley, food expert, and listened attentively to his lecture on the "Public Health as the Greatest National Asset." This afternoon he spoke to the students at Poly High and at 8 o'clock was the guest of the Physicians' Club at dinner at Hotel Virginia.

**RELIEF COMMITTEE.**  
Sympathy for the unfortunate food and storm sufferers in the East was evidenced today at a called meeting of business men to take relief action. After discussion it was decided to await further developments before taking any steps but a committee was appointed with authority to receive offerings and send relief as soon as it appears necessary.

## BARBER SHOP

—Adjacent to the Men's store on the Main Floor is an up-to-date, six-chair barber shop, shoe shining parlors and cigar stand with a rest room, where men may smoke, meet their friends or wait, while the ladies shop.

## Men's Hats

—Hamburger's specialize on good hats at three prices—the Rossalino, a \$3 imported Italian hat; the popular Mallory hat at \$3; the Albertini, another Italian hat at \$3.50; and the Stetson's at \$4. Soft and stiff hats in newest styles and colors.

**Hamburger's**

# Men's Spring Suits \$15.00

## With 2 Pairs of Trousers

One Coat, One Vest, Two Pairs of Trousers, all of the same material for \$15! You'll have to use your imagination about values for certainly you never saw such a wonderful clothing offer. If the man in the picture could just step out into reality and show you the quality of the material and the workmanship and then take you down to the Men's Store and show you the many different patterns, all just as correct, you would say with us, "This is the greatest achievement in merchandising ever accomplished by any men's clothing store."

---Fabrics in 18 Different Patterns  
---Up-to-Date in Every Detail of Style, Fit, Fabric, Finish and Tailoring  
---The Utmost in Quality and Value  
---Every Suit Guaranteed Satisfactory

Eighteen up-to-date, new patterns to select from, including blue serges; blue, brown and gray chevots; handsome gray, brown and tan worsteds; gray and brown tweeds; checks and fancy mixtures. Every bit pure wool.

They are up to date in every detail. The more conservative models for spring and summer—in "regulars, stouts, longs and shorts," insuring perfection of fit for every different type of man.

The extra pair of trousers insures just double wear. Trousers are always fraying out at the bottom or the pockets long before the coat looks at all worn. Two pairs of trousers double the serviceability of the suit. These suits are well worth this price even though they were not an extra pair of trousers. You can readily see just how much more you are getting here for your fifteen dollars.

## See just how the suit will look on you

You are buying with every certainty of satisfaction. The clothes are here for you to inspect, for you to try on. As to the fit, Hamburger's do not consider the sale complete until the suit you buy is entirely satisfactory according to your standards (not ours). They must fit the way you want them to fit.

Come in today. It won't be long until every suit is sold.

## Order by Mail—We Deliver Your Suit Free

—No reason to miss this great opportunity because you live outside of Los Angeles. You can order a suit by mail with assurance of satisfaction. If you live within a hundred miles of Los Angeles we will make delivery to your home free of charge. In ordering give chest and waist measure together with length of trousers wanted. Also your height and weight.

## SOUTH PASADENA AFFAIRS.

Right of Way Secured for Street Leading to Arroyo Seco Bridge. Women Seek to Remove Signs.

**SOUTH PASADENA, March 26.**—Terms of \$225 for the right of way for the street leading to the Arroyo Seco bridge were accepted last evening at the meeting of the Board of Trustees and it is expected that the work on the street will be commenced at once. The street to be opened runs north of the Cavettan Ostrich Farm and leads directly from Pasadena avenue to the Lincoln Park station to the new Arroyo Seco bridge.

The opening and paving of this section will mean more direct entrance to the bridge, and the elimination of several dangerous crossings. As the road is now, the Santa Fe Railway and the Pacific Electric tracks must each be crossed twice, and the new road will eliminate all excepting the Pacific Electric tracks.

**AFTER THE SIGN.**  
Mrs. Seward Simons and Mrs. E. M. Mumford appeared before the board and asked that something be done to cause the removal of an enormous sign which, recently has been placed on a store building on Mission street. The sign is in brilliant red, blue and yellow, and is so large that it is especially obnoxious. The matter was referred to the City Attorney, who was requested to draw up an amendment to the present ordinance governing signs, which would give the city more power in the regulation of them.

Mrs. Mumford and Mrs. Simons also requested that the city care for trees which have been set out in front of vacant lots, and that some arrangements be made whereby the private right of way of the Pacific Electric lines be beautified.

**ESTABLISH GRADE.**  
Preparatory to the paving of Monterey road and Fair Oaks avenue, one of the main streets of the city, ordinances were passed establishing the grades. That of Monterey road passed its second reading, and provides for the grade from Fair Oaks avenue to Pasadena avenue, and that of Fair Oaks avenue was read for the first time and establishes the grade on that

street from Huntington drive to Monterey road. This begins the proceedings for the paving of these two thoroughfares.

**NEWS NOTES.**  
The board approved the plan of the Onondaga Park residents to have the Pacific Electric cars stop at Alhambra Barber, instead of El Centro, as at present; that is, all cars excepting the flyers. The Pacific Electric company will be notified at once of the change.

Special arrangements have been made with Walter Raymond, proprietor of the Raymond Hotel, whereby the time for making reservations for the Chamber of Commerce banquet has been extended. This banquet, which is given in honor of the Board of Trustees of South Pasadena, will be held tomorrow evening at 8:30. The principal speaker of the evening has not as yet been announced, but Robert Jordan of Alhambra, H. J. Mueller of San Gabriel, and L. E. Turner of the Pasadena Board of Trade will give short talks. Jonathan S. Dodge, president of the chamber, will give the address of welcome, and Ernest Sutton, president of the Board of Trustees, will respond. William Hazlett, Jonathan S. Dodge and Seward C. Simons are the Committee Arrangements for the banquet and they are planning an elaborate reception for the Board of Trustees.

Friday evening of this week the Orpheus Club of Los Angeles will give a concert at the Presbyterian Church under the auspices of the choir. This is the second of the series that is being given by this church. The Orpheus Club is one of the well-known musical clubs of the above city and has a reputation for excellent programs. Mrs. E. A. Morritt, violinist of this city, will give several numbers.

**EL CENTRO.**  
**EL CENTRO, March 26.**—The Barber Asphalt Company, commenced work of paving streets of El Centro yesterday morning. Two miles of pavement are to be laid and work is to be completed by July 1. ## Garbage Cans Tell Tales

(Continued from Twelfth Page.)

can," said Miss Rich, "and in order to get results we must be efficient and good mechanical engineers. We must learn to avoid slip-trap."

Miss Rich is president of the California Teachers' College of Home Economics and Manual Arts at Santa Barbara, chairman of Home Economics and secretary of the State Federation of Women's Clubs, and a member of the National Federation of Teachers. She has a national reputation as an authority on the technical subjects presented in the school of which she is president, and is the only woman president of a State Normal School. She has been honored by many important appointments on national committees. She expects to take an active part in the State Federation programme at Fresno.

Following the address of Miss Rich the Credentials Committee reported, giving the number of delegates present at the first meeting as 165, representing sixty-two clubs.

Another feature was the eloquent address of Dr. William C. Carter, the secretary of the International Peace Conference. Dr. Carter's talk on "Principles of International and Industrial Peace" was given as an appeal to the clubwomen of California to act as a preventative of the teaching of warlike drills and songs in the schools of the state, and in implanting in the home the principles of peace.
